PROJECTS

Pig Game

- I have implemented JavaScript in this projects and used DOM for performing action on HTML elements.
- A two player game in which you have to roll dice and save your current score using hold button, but remember if you get a '1' your current score is reset to '0'. Whosoever score 100 first wins the game.

Food Delivery Website

- I have used HTML, CSS, JavaScript and jQuery for creating this website.
- Using this website user can select its respective plan so that they don't have to order food daily. Once subscribed food will be delivered to your doorsteps.
